Aspiring Software Developer

I am a recent Computer Science graduate with a strong foundation in programming, problem-solving, and software development. I am seeking an internship or entry-level role in software or web development to apply my technical skills, expand my industry experience, and contribute to innovative projects while continuing to grow professionally. I am also passionate about Cybersecurity and hope to have the opportunity to transition into this field in the future.

EDUCATION & CERTIFICATION

- **Bachelor's Degree in Computer Science**
Eduvos | 2021 - 2024

Modules include: Business Analysis, Information System, OOP using C++, Generic algorithm design, Software Development, Network Security, Object Oriented Systems Analysis and Design.

I also received awards related to Artificial Intelligence as part of the Fourth Industrial Revolution (4IR)

- **High School Diploma (Matric)**
Veritas College | 2016 – 2020

In High school I was in the science stream, with subjects including Mathematics, Physical Sciences, Life Sciences, Business Studies, Geography, History.
